 - Carnival Glory with departures from 05.03.2016 and onwards
 - Carnival Splendor with departures from 20.03.2016 and onwards

Providing a good experience is an important way to get our clients' cruise started on the right foot. With this in mind, we are implementing some changes to our Online Check-In and embarkation process designed to enhance the guest experience. The changes affect the above-mentioned departures from Galveston, Miami and New Orleans. Here's what's new:

✓ Guests **must** pre-register for their cruise in advance by going online to www.carnivalcruiseline.se/no/dk/fi/is, clicking on **Carnival Fun Pass** and continuing with **Access Organizer/Online Check-In**.

✓ Also the guests have to select a check-in window by clicking the button **"My Check-In Time"**.

If the clients have already completed their Online Check-In, please ask them to re-visit us at

www.carnivalcruiseline.se/no/dk/fi/is to select their check-in time. A check in time will automatically be assigned to guests who do not pre-select a window online.

✓ After completing the Online Check-In the clients will receive a „Boarding Pass“ coupon together with their cruise documents. All guests will be required to show a paper or mobile boarding

pass to access the cruise terminal. Please be advised that embarkation is not possible without a boarding pass.

✓ Due to limited space, guests who arrive prior to their check-in time will not be permitted to enter the cruise terminal and will be asked to return at their scheduled check-in time.

✓ Guests who are part of our Priority Program (Diamond, Platinum and suites), have purchased transfers with Carnival or "Faster to the Fun" must still select a window online, but are invited to come at their leisure.

✓ Although guests may access the terminal at 10:30 am, based on their window selection, boarding is scheduled to begin at approximately 12:30 pm.

Please remember guests must check-in no later than 60 minutes prior to ship's departure as indicated in their boarding pass.

We appreciate your assistance and are at your disposal for any further questions.
